The Friends of Head Start are purposing a public awareness event called the Empty Bowl. The event will be held March 2, 2012 at Becker Vineyard.

What is this Empty Bowl?? An event where participants select a beautifully handcrafted bowl from a collection donated by area potters. Next, fill the bowl with a gourmet soup provided by local restaurants accompanied with fresh bread and water. This menu is to call attention to World hunger and the needs of our community. Enjoy live entertainment, silent auction of art works by area artists, a wonderful interactive demo of raku firing by Ryan McKerley and the company of new and old friends. Take the bowl home to enjoy and keep as a reminder of the needs of this community.

All proceeds go directly to the Head Start Inc. which includes Fredericksburg, Johnson City, and Harper.
